

Doddily

Baby and toddler classes, groups, soft play and parks near you, laid out like a timetable.

What it is

An iPhone app that shows what's on for your little one today, near you, in time order. Add your postcode and your children's ages; Today lists that day's sessions with the walking time from your door. Filters for free, no booking and rainy day. Four screens: Today, Map, Saved, You.

Who it's for

Parents and carers of babies and toddlers across the UK. Class providers can have their sessions listed by emailing a link to their page.

Price and model

£2.99, once, on the App Store, with Family Sharing. No subscription. No account, no ads, no tracking: your postcode, your children and your saved places stay on your phone.

Availability

On the UK App Store for iPhone since 2 October 2026. An Android version is in development.

Quotes

"We built the thing we kept wishing existed at 7am. You have a baby who naps at 11 and a toddler who needs to run, and the answer to 'what's on near us this morning?' is scattered across Instagram, Facebook groups, council PDFs and word of mouth. Doddily puts it on one page."

Victoria Draisey, co-founder

"Parents don't need another feed. They need a timetable that respects their time. Four screens, and that's the app."

[Marcos Silva], co-founder and the app's designer

About Doddily

Doddily is an independent app made in Hackney, London by Victoria Draisey and Marcos Silva, parents of [a two-year-old and a baby]. It launched on the UK App Store on 2 October 2026. doddily.app · [@doddily.app](https://twitter.com/doddily.app)
